Easiflow Vented Cap Giant Button Head

PART NO: PLI-EFLF-GBH

The Easiflow Vented Cap Giant Button Head suits both 1½UNF and giant button head* attachment – a combination Long Stem fitting is also available.

All manufacturing process, materials used and the internal components of the PLI-EFLF-GBH are the same as PLI-EFLF fitting, The only difference is the addition of the GBH groove.

n.b. (The giant button head groove reduces the pressure rating of the fitting)
